

This is the front of the house-6308 Tanglewood Court. There is also a 6308 Tanglewood Circle on the next street over so don't go to the wrong place! 😊

When you get here you can park in the driveway (but don't block anyone in) or on the street (but not in front of the fire hydrant!) Walk around the left side of the house through the yard and the studio entrance is in the back

This is the side of the house, leading to the backyard. Please mention to your kids not to play on the trampoline, I know it looks inviting! 😊

This is the back of the house. The little lean-to building is the entrance to my studio. Isn't it cute! 😊 Come on in, no need to knock or ring the doorbell.

Here is the waiting room area. Please have students take off shoes when they come in (Parents can leave shoes on unless they're especially muddy!) Parents and siblings are welcome to stay and observe but please try to limit talking. You can also drop off your students and go run some errands.

In the studio space I have a large, open area for "off-the-bench" games and movement activities.

The six full-sized digital keyboards are the most important part of the space! Students love playing on these great-sounding pianos! And they love all of the fun features! 😊
